

THE OUTCROP.

Devoted to the Mining and Development of the Windermere and Golden Divisions of the District of North East Kootenay.

Book VI, Chapter 9.

Wilmer, B. C., Thursday, July 27, 1906.

\$2.00 Per Year.

Dirty is Now Flying on the Kootenay Central Road! Hurrah!!

DISTRICT CROPPINGS

And Other Items of Interest in a General Way

It is generally acknowledged that the man in the Columbia Valley who may be styled the best all-round "buster" is K. S. Gallup of Canterbury. The expression is often heard, "Well, what will Dick be up to next?" and it is characteristic of the man. When every line of business is quiet Dick suddenly turns up something and makes a "bunch of money" out of that which others saw but knew not of its value. His latest enterprise is in land and he has just purchased 2,000 acres of C. P. R. land on the north side of Horse Thief creek and staked 100 acres of Government land adjoining it. He states that this area contains some of the best land to be found in the valley and he is certainly the right man to turn it into good use as he has done in mining and timber. Mr. Gallup has not yet made public his law or to what extent he will proceed to utilize this big tract of land, but he will plant out quite an extensive orchard and otherwise improve it. Success to you, Dick.

It has been urged upon The Outcrop by several prominent men to gather statistics showing the number of acres of land taken up by individuals in the Columbia Valley and the average cleared and under cultivation. It is argued that it will prove most interesting as the years go by to show the advancement made annually in this way. Without further enlarging on the subject The Outcrop is willing to take up the task, if the individual land owners will assist. If those who believe this scheme will be a benefit, encourage the ranchers and be of general interest, will send in their own estimates. The Outcrop will compile a table and publish them and do everything possible to make it complete.

Over at Nelson the fruit growers are worried because they cannot fill the demands made for their fruit in Manitoba. It is only about two or three years since the Nelson fruit men were looking for a market, so it is not necessary for the Columbia Valley fruit growers to worry about a market. From Manitoba to the Rocky Mountains there is a big population that is increasing annually by the thousands and our market is increasing at the same pace. Here the land suitable for fruit growing exceeds in area many times that of the Nelson district and it is only a matter of time until this will be shown by actual production.

A petition addressed to the Minister of Interior is being freely signed asking that in future British Columbia workers be employed in Yukon Park when any improvements are being made. It is also pointed out that Indians and others are now slaughtering deer and other game within the limits of the Park and it is urged that a resident superintendent be appointed to supervise the expenditure of any appropriations made for improvements in the Park and to protect the timber and game.

Dr. J. C. Adams, Professor of McGill University, Montreal, with his wife and family and Miss Baile arrived on the Parmigan on Saturday at Canterbury, where he has rented Mr. Gallup's summer residence and will spend the summer. So delighted are they with their surroundings, it is stated, they have wired other tourists at Banff to join them and expect them by next summer.

Cranbrook will celebrate Labor Day. All would-be prize winners should now be training.

The Misses Macfarlane of Calgary are spending a week at Windermere, having arrived last week.

Judge Forin will arrive on Friday's boat to hold County Court in the Wilmer Court House Saturday.

The bets made that K. C. B. construction would not start this month can be paid willingly—those who lost are still gamblers.

Gold Commissioner Griffith arrived on the last boat. His mission this time is a pleasant one, being to pay those employed on Government work.

The Parmigan left on Sunday morning last trip, taking to Golden a boom of 14,000 railway ties. There was some good hustling to catch the mail.

"Tag" Wilson, a lumberman, cut a big elbow off his foot with a broadaxe last Thursday as clean as a butcher could cut a nice steak. Dr. Elliott dressed the foot and it is doing well.

Bradstreet's authority for the statement that O. D. Hoar is using the Laborer's Co-operative Mining Co. for \$2,340 at Golden. Mr. Hoar was the former manager of this company.

K. S. Gallup, wife and family are camping on her last trip to Canterbury brick yard. Mrs. Gallup and her children will leave for the Coast in about a week to spend a couple of months.

The steamer Parmigan brought up passengers on her last trip to tourists, and each and every one of them have expressed themselves as delighted with the scenery of this valley and the country generally.

A Kootenay Indian was brought in to Dr. Elliot Saturday with a cut six inches long on his leg between the knee and ankle. The wound was made by a rolling log, and, strange to say, though a knot cut into the bone no bones were broken.

Mr. Garafelli, the French humorist, returned to Wilmer Saturday to be here ahead of railway construction, and as young as ever. During his absence he went as far north as Alaska. He says Fort Simpson is a good place to stay away from for sometime yet and he will stay here.

Mrs. and Miss Buckingham, Mrs. M. Rutten and Miss A. Dailey are tourists who arrived from Chicago by Friday's boat and are staying with Mrs. R. A. Kimpton at Windermere. It is stated that these ladies came to this valley on the advice of Miss Howell, who, it will be remembered, spent several months at Windermere two years ago.

A tourist remarked here the other day: "Banff cannot compare with this valley as a tourist's haunt. Banff is a picturesque place but two or three days is enough to spend there. I don't believe I could ever get enough of this beautiful valley. It is so wide and there are so many places to go. I should like to climb every hill and go to the summits of the mountains, and see all the waterfalls that look so pretty in the distance. The lake too has a great attraction for me and the climate is perfect. Yes, I think this is really Banff."

Genong's chocolates and confectionery at A. B. Yates', Wilmer.

Mining Records.

The following records have been made at the Wilmer Mining Recorder's office:

July 22—Notre M. and Delphine No. 2, on south side of Tuby creek, by G. A. Stuker and H. H. Washburn, July 18.
July 22—Bruce, on north side of Tuby creek, by R. E. Brown, July 18.

Surveyors are Cross-Sectioning and Graders Start Work

At last the good news has arrived and every person in the Upper Columbia and Upper Kootenay Valleys is made happy and what is more all are contented.

Construction of the Kootenay Central Railway has been actually started—dirty is flying. This news has been confirmed in a dozen different ways during the past week and no doubt is expressed as to it being authentic. Surveyors and graders pitched camp this side of Golden on Wednesday of last week and started work on Thursday. True the force of graders to start work was necessarily small, but a report comes from Golden that large numbers of laborers are arriving there daily to join them. It is said the first gang of graders numbered only thirty, and the survey party less, but this no doubt was for the reason that cross-sectioning has to be completed some distance before a large force can be worked to advantage.

As will be seen by President Pollen's interview it is the intention to continue work 100 miles and this will take the road nearly to the south end of Windermere lake.

Now that construction has started it is expected that immediate benefits will be realized and that the usual construction advance guards will put in their appearance. Every resource and industry should soon feel the good effects that invariably follows the coming of the iron-steel and every business man has good reason to prepare for greater things.

PRES. POLLEN TALKS

C. Hungerford Pollen, President of the Kootenay Central, speaking of the construction of the road to a representative of the Cranbrook Herald said:

"Construction is being commenced at Golden on the Kootenay Central. Owing to an ambiguity in the subsidy Act, plans to the United States boundary line, a distance far beyond the mileage subsidized, would have to be filled before the company could enter into a contract with the Dominion. An amendment has therefore been applied for at the present session. As soon as that is settled, the company will enter into a contract with the Government for 100 miles of the road. It is hoped that it will not be necessary to cease work, and that the work now being begun may be carried on for that distance. This section of the line would reach from Golden well up the Columbia Valley, where quite an appreciable amount of traffic will be developed in ores, agricultural produce and lumber. The failure to get a renewal of the provincial subsidy, originally granted to the company has been a serious drawback in financing the venture, as the granting of this had been definitely offered by a former government, and its being confirmed was made a condition of the road being built by the government line, of course, being quite unable to do anything as yet, although they have been throughout favorable to the venture. It is felt that the building of part of the line is the best way to earn future consideration for the company in this respect. The road will be financed by an issue of bonds. In the face of other guaranteed issues on the market, such as Grand Trunk and issues secured by both Provincial and Dominion bonds, the undertaking of such an issue, after the withdrawal of the Provincial bonus, is very difficult. The Canadian Pacific Railway are acting as agents for the company, as it was too uncertain a venture to warrant a special organization on its own account. It should, however, be understood that the construction is entirely the work of the Kootenay Central Company."

Golden Star: The surveyors and a portion of the grading gang went to work

on Monday last, laying out and making cross-sections of the route to be followed by the Kootenay Central Railway. The entire party is working in the vicinity of Nicholson's ranch, where they are camped and all are busy. Considerable preliminaries have yet to be done before actual construction begins. Mr. McPherson, who made the trip up the valley on a right-of-way purchasing mission, was very successful, getting agreements of sale from the majority of ranchers along the route.

GOLDEN NUGGETS

(From Our Own Correspondent.)

Golden, B.C., July 22.—

A. B. McClung, manager of the Imperial Bank, wife and children, returned to Golden on Tuesday last after spending some three weeks in the Upper Columbia.

S. Walker, of the Imperial Bank staff, left on Thursday for Trout Lake, where he will assume the duties of accountant at the branch there. Mr. Walker is well known here and his many friends were sorry to see him leave Golden.

W. B. Whipple, M.D., resident physician of the Cook County Hospital in Chicago, arrived in town today and will spend some time in Golden with his father, who is spending the summer here.

Construction of the K.C.R. is at last a reality. The surveyors are very busy and a number of graders are already at work.

Hon. F. W. Aylmer returned from the west the afternoon.

The Columbia River Lumber Company's mill is running day and night, the night shift commencing this week.

The Idle Wild Camping Club broke camp on Wednesday last, having spent a jolly two weeks at Cedar Point.

Dr. White of Banff is in town.

Wilmer Rifle Association

The Wilmer Rifle Association members made the following scores during the past week:

F. Wallace	200	200	200	600
L. Lewis	28	30	20	78
R. A. Power	24	26	17	67
F. Cottle	27	25	27	79
F. L. Snook	28	17	9	54
A. Palmer	20	28	31	81
R. Elliot	29	28	25	82
R. A. Yates	33	31	27	91
S. Langelle	30	32	21	81
G. Palmer	28	25	21	74
G. Evans	17	23	15	55
H. McDonald	24	17	15	56
J. Rythe	17	19	10	46
H. Stedden	13	9	17	39

Photographic supplies at A. R. Yates' drug store, Wilmer.

R. R. Bruce left last Thursday on a business trip to Calgary.

Hay-making is now in full swing in the valley and the weather is perfect for that purpose.

Mrs. H. A. Power gave a delightful party Tuesday afternoon in honor of her sister, Mrs. Masterman.

A big band of Stoney Indians came over the Rocky Mountains from the North-West last week and are camped on the reserve south of Windermere. Game is sure to be slaughtered by these Indians and the law should be applied.

A special Windermere correspondent writes: "Since the French Diplomat has been called to outfit the Kaiser it is now safe for the Sultan to take a risk in the Golden chateau. The weather is exceedingly hot. The boarding houses are full and doing a rushing business. New potatoes 3c per lb., cauliflower 15c, each and cabbage 5c each."

Lost—A saddle with a rope attached, somewhere between the old Tuby bridge and Athabasca. Finder will oblige by communicating with A. S. Palmer at Wilmer.

Hon. Wells Offers Rifle Cup

Hon. W. C. Wells writes Capt. Robt. Elliot, M.D., that it gives him a great deal of pleasure to donate a cup for competition by the members of the Wilmer Rifle Association, which he has ordered in Toronto and trusts will be in keeping and worthy of its object. Mr. Wells says he is glad to know that these associations are established in the district, affording as they do, a means of training which should be availed of and encouraged.

The Managing Committee of the Association have issued the following order in connection with the cup:

"Classification must be done before members are eligible to compete for the Wells Cup, and therefore all members who have not finished classification are requested to show their eagerness and British bull-dog tenacity behind a 303 Lee Enfield on the butts. By Order, Committee."

All the latest magazines at A. R. Yates' drug store, Wilmer.

Mrs. and Mrs. L. Lewis returned on Tuesday evening from a week's visit to Mrs. Brewer at Fairmont.

S. Brewer came down from Fairmont and spent Tuesday night in Wilmer. His friends are always glad to see him.

The Golden Star is after the scalp of the Revelstoke Herald and refers to "a relish of the Star's article on the Kootenay Central Railway". Wonder just when the Star got back from Missouri? Glad to know it had a safe return and may it shine brighter than ever.

Lost—A saddle with a rope attached, somewhere between the old Tuby bridge and Athabasca. Finder will oblige by communicating with A. S. Palmer at Wilmer.

9th Annual Races

Aug. 4th and 5th--A Good Program Has been Prepared

The Windermere District 9th Annual Races and Sports take place on Friday and Saturday, Aug. 4th and 5th. As will be seen below the program has been carefully arranged to crowd in the best sports it is possible to obtain. The events are not quite as numerous as in some years, but they will fully occupy the time and are looked forward to with genuine pleasure. Already it is intimated that horses from Golden and other distant points will be entered. A lively interest is manifested in the shooting, and the aquatic sports are meeting with general approval. The steamer Parmigan is expected to arrive from Golden in time for the start Friday morning and every effort is being made to carry the program through successfully and to ensure a good time. The prize list follows:

Friday Morning, August 4.			
10:00 Pony Race, Quarter-Mile, (in heats) open to horses 14.2 and under	20.00	\$10.00	
Half-Mile (in heats), open to horses 14.2 and under	35.00	15.00	
Entrance Fee: 10 per cent of purse; 4 to enter and 3 to complete or no race.			

Friday Afternoon.			
Rifle Shooting, open to teams in North and South East Kootenay (5 men to team). Prizes, Silver Medals to 1st team and Gold Medal for highest individual score.			

Saturday Morning, August 5.			
9:30 Sweepstake Shooting Match (10 birds). Entrance fee, \$2. Prizes, \$15.00 \$10.00 \$5.00			
Also Hudson Bay Co. Cup for highest score in Windermere District Team.			
10:30 Quarter-Mile Open (in heats), open to horses raised and bred in East Kootenay	20.00	10.00	
Quarter-Mile (in heats), open to horses raised and bred in East Kootenay	20.00	10.00	
Entrance Fee: 10 per cent of purse; 4 to enter and 3 to start or no race.			

Saturday Afternoon.			
1. Water Bass Ball (4 teams entered)			Special Prize, Trophy Shield
2. Water Polo, Windermere vs. All Comers			\$10.00
3. Walking Greasy Pole	3.00	2.00	
4. Gunswale Race	3.00	2.00	
5. Canoe Race (timed)	3.00	2.00	
6. 50 Yard Race	3.00	2.00	
7. Hardle Swimming Race	3.00	2.00	
8. 100-Yard Foot Race	3.00	2.00	
9. Three-Legged Race	3.00	2.00	
10. Sack Race	3.00	2.00	
11. Pulling Stone	3.00	2.00	
12. Tossing the Cater	3.00	2.00	
13. Squaw Race	3.00	2.00	
14. Girls Foot Race, under 14 years	2.00	1.00	
15. Boys Foot Race, under 14 years	2.00	1.00	
16. Hop, Step and Jump	3.00	2.00	
The Committee reserve the right to make any changes they may deem necessary.

Water Base Ball

The new western game, water base ball, is becoming more than a fad of the moment, and quite a local interest is already manifested in the game. In fact already four teams have entered for match at the Windermere races, assuring plenty of this sport.

One need not be a great ball player nor a star swimmer. All it requires is a rudimentary knowledge of base ball and fair swimming ability. The outfit consists of a tennis ball, a yard or less of broomstick and five rafts—one large and four small.

The batsman and catcher stand on the big raft. On a small raft ten yards away stands the pitcher. He may deliver the ball in any style he chooses so that it crosses the plate. In striking everything goes—bunt, bingle, swat or foul tip. There are five men on a side. The moment bat and ball come in contact the batsman must start for first base.

It doesn't matter how the ball is hit, you count it fair. Indeed, it is a triumph of skill to turn and swing with the ball and send it flying past the catcher.

Suppose you have driven a good ball out near third base. You pile overboard with a dive toward first. As you rise to the surface you see the third baseman and the pitcher furiously swimming after the ball.

To your excited eyes it seems as if first base were a mile away. As you near the base you see the pitcher seize the ball and turn in the water to throw it. But it is no easy matter to throw a ball while treading water, and the chances are that the throw is a bad one and you are safe.

You now turn your attention toward second. To avoid it seems easy, and so soon as the pitcher delivers the ball, you start. But it all goes well with the other team, when you have gone about a third of the distance you notice that the second baseman has the ball. Giving up hope of gaining second, you turn to regain first, only to note that the first baseman has followed you and waits for the ball about five feet to your rear.

You again turn your effort toward second, only to see the second baseman swimming toward you. With much splashing you try to evade the latest comer, but you are not out and retired, and the value of the underkicks. The game is full of fun. Sometimes an ardent batsman will lean too far over to one side in his efforts to get the ball. This will cause the raft to tilt until the player loses his balance, and in his efforts to regain the centre of the raft it will shoot from under him, and he will land smack on the surface of the water.

The game is full of unexpected fancy stunts. The spectators laugh even more than they do at the ludicrous happenings in indoor baseball, for the rolling and tumbling in the water makes the mis-haps twice as funny.

It is most important to have one keen-eyed watcher constantly looking out for all the players who are in the water, so that there shall be no danger of accident.

or to J. S. DENNIS, B.C. Land Commissioner, C.P.R. Co., Calgary, Alberta.

Notice.

Parties cutting timber or wood on the lands of this Company without authority will be prosecuted.

TIMBER LICENSES. NOTICE.

Notice is hereby given that, 30 days after date, I intend to apply to the Hon. the Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in the North East Riding District:

1. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of the Spillimacheen River, and about five miles south of the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

2. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of the Spillimacheen River, and about six miles south of the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

3. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about 11 miles south of the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

4. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about 14 miles south of the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

5. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about one mile east of bank of said river and about 13 miles from the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

6. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about one mile east of bank of said river and about 14 miles from the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

7. Commencing at a post marked "M. Carlin's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about seven miles from the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

STONE & WELLINGTON.

FONTHILL NURSERIES,
Over 800 acres.

BRUNSWICK, ONTARIO

IMPORTANT DISCOVERY

15 Inches of High Grade Ore and a 4-Foot Ledge

The strike made by Messrs. G. A. Sterkes and E. H. Washburn on the north side of Toby creek above the North Fork is receiving much attention, and the ore displayed at the Hotel Delphine is acknowledged to be the finest specimen of surface showings yet discovered in the camp. The lucky owners have christened their locations the "Nettie M." and "Delphine No. 2" and five assays made give respectively 288, 43, 61, 60 and 129 ounces in silver, no tests have yet been made for copper or lead but it is evident the ore will run well in both metals. Mr. Washburn left for the claims on Monday to start development at once, and intends to make a trial shipment of a car load of the ore as quickly as possible. He was working on a trail when he made the discovery, the lead being covered with wash from two to five feet deep and proved by uncovering it in several places to be four feet wide and the ore 15 inches wide. The lead was followed right down to the creek bottom and has been found at every point where work has been done up the hill. The claims are conveniently located for shipping and plenty of water and timber is at hand. It is stated that the owners have already refused an offer made them to sell. Mr. R. R. Bruce has staked an extension and other men are prospecting in the vicinity.

THE HOTEL WILMER.

Is a new building and is furnished throughout with all modern improvements.

The bar is supplied with the choicest brands of Wines, Liquors and Cigars.

THE TOURIST or Tenderfoot who wanders into Wilmer should always camp at the Hotel Wilmer.

Within its doors can be found beds that soothe the weary to dreamless sleep, drinks that calm the troubled soul, and food that no epicure could refuse without murmuring. If you want anything more see

GEORGE
CHAMBERLAIN,
Proprietor.

Commencing at a post marked "J. L. McKay's south-east corner post," and planted on the north side of the South Fork of Spillimacheen River, and about 12 miles from the Dominion Belt Line Survey; thence north 80 chains, thence west 80 chains, thence east 80 chains to point of commencement.

Dated 26th July, 1905.

J. L. MCKAY.

A young lady writes asking The Outcrop, "What do you think of a fellow who gave this clipping to me?" A young Oklahoma man went to church with his very best girl. Both were quite handsome and modest. When the collection was being taken up the young man explored his pockets and whispered to the young lady: "I haven't a cent; I changed my pants. In the meantime the young lady had been searching in her pockets and finding nothing, blushed as you red as a beet, stammered: "I'm in the same predicament." The Outcrop thinks the young lady should make that fellow part a long while.
